

2nd International Workshop on The Biology, Prevention, and Treatment of Relapse After Hematopoietic Stem Cell Transplantation

November 5-6, 2012

[Overview](#) [Program](#) [Sub-Committees](#) [General Information](#) [Registration](#) [Abstract Submission](#)

[General Information](#)

We would like to encourage participation and representation at this meeting. A primary goal will be the initial development of protocols targeting post-transplant relapse.

Abstract submission is detailed on the registration website, the link is below. In addition to abstract submission, those with interesting and competitive proposals for Biology, Prevention and/or Treatment scientific studies should contact Alan Wayne (wayne@mail.nih.gov), Nicolaus Kröger (nkroeger@uke.de), Mike Bishop (mbishop@mcw.edu) or Sergio Giralt (GiraltS@mskcc.org)

Registration is now open

2nd International Workshop on the Biology, Prevention, and Treatment of Relapse After Hematopoietic Stem Cell Transplantation
