DISTRIBUTION OF TRANSPLANTS BY DIAGNOSIS - COLOMBIA:

2012

COLOMBIA

Biggest barrier to transplantation in your country:

- Lack of access to specialist consultation (Remote areas with few specialist even internal medicine).
- HLA cost is high – HLA insurance authorization delay
- Delay in time of remission to stem cell transplant evaluation.
- Insurance authorization delay once the transplant has been decided.
- Concentration of Hematology services and transplant centers in large cities.
- Absence of a donor registry and a public cord blood bank.
