Venezuela/ HCC and HET

Donor outcome registry not available

Number of transplants in your center in 2011: 53 (17 Alo/36 Auto)
2012: 51 (18 Alo/33 Auto)

Number of transplant centers in your country: 2

Number of transplants in your country 2011/2012

1. transplants	53/51
retransplants	2
Unrelated donor	0
related donor	17/18
auto	36/33
cord blood	0

Indications (diseases): ALL, Aplasia, Hodgkin; AML, LNH and non hematologic SCD, immunodeficiencies.

Biggest barrier to transplantation in your country: 1.-Cost; 2.- Small Units (N° beds), 3.- No Cord Blood Bank or Marrow Donor Registry; 4.- Few human resource trained and technology limitations

Venezuela/ HCC and HET

Do you have a QM System? Not available

Do you know the mortality rate at 100d or 375 d in 2011/2012 in %?

2011	100d	0%	365d	5%
2012	100d	0%	365d	5%

Provide the list of centers, if you are reporting as a country : the same 2 centers and there is a program for UR-BMT in Italy but we don't have any data.

Does the country or Society have a Programm for residents and post graduation in BMT (Education) – Yes there is fellow program in the 2 Units

Does the country have a Centralized Programm (Government) The MPPSS has division for Transplant of Organs.
