

Standards and Accreditation for HSCT Programs: NMDP and WMDA

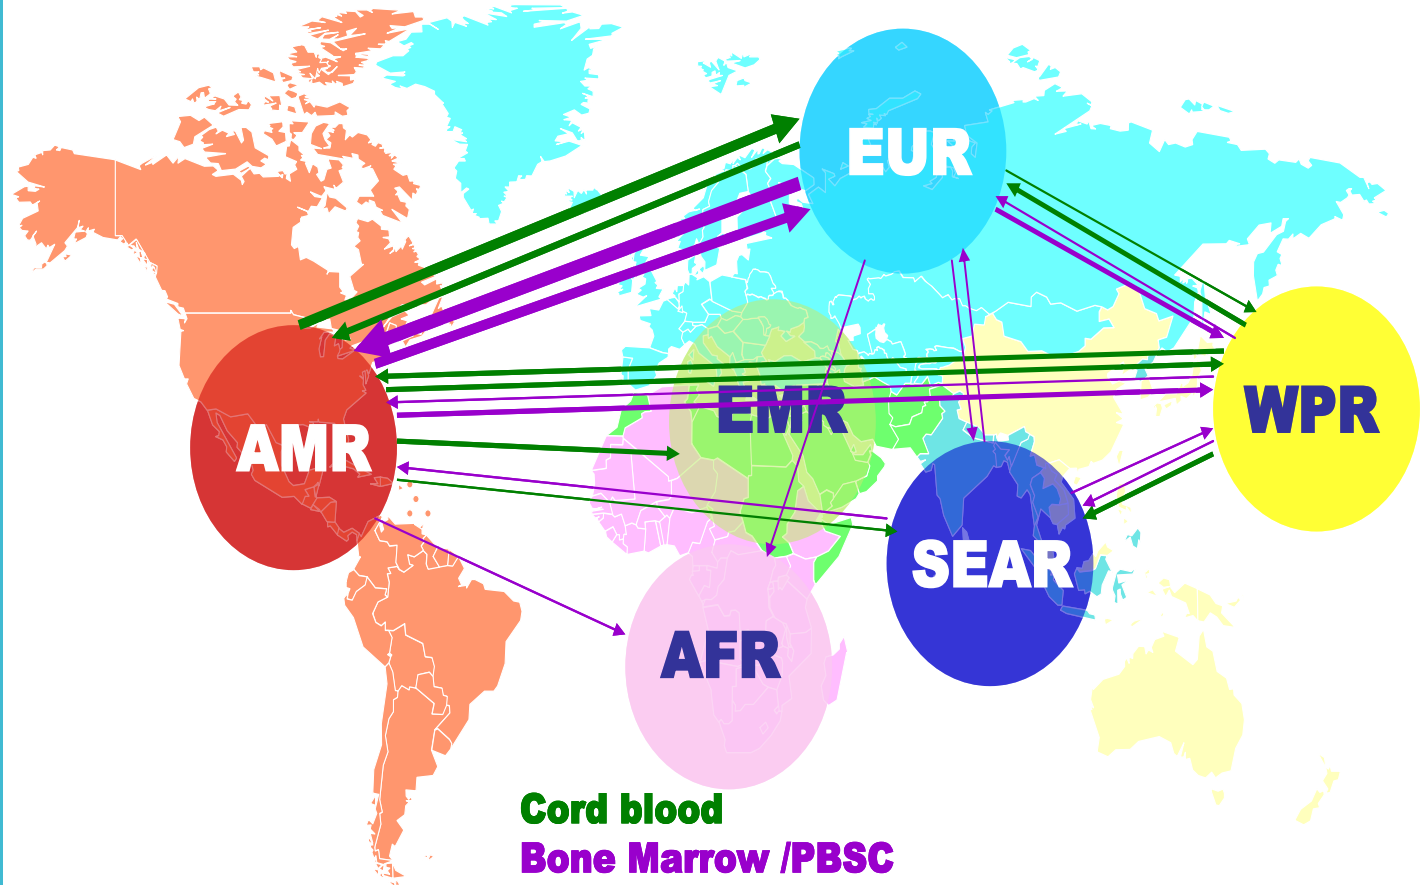

Dennis L. Confer
2013 October 4

NMDP Standards 21st Edition

- NMDP Standards set requirements for participation of Member Centers
- NMDP does not “accredit” Member Centers
- NMDP Standards are available on www.bethematch.org

Global Exchange of HPC

International exchange of hematopoietic progenitor cell products

WMDA's Global Reach

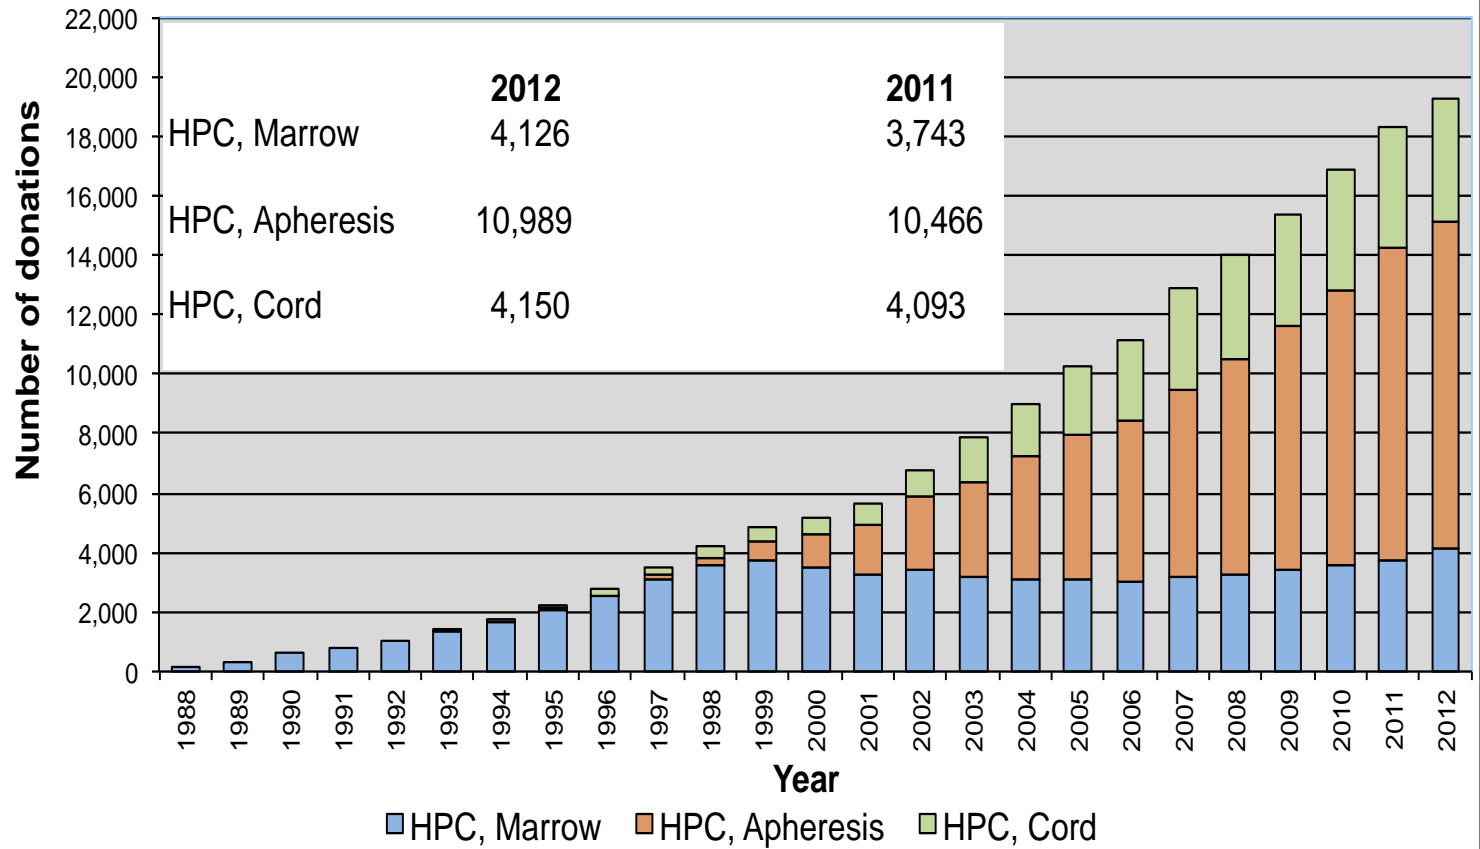

WMDA
cares for
donors who
save
patients'
lives

- WMDA oversees **global standards** for unrelated HPC donations and the **international exchange** of HPC products.
- WMDA Accreditation has been achieved by many registries
- **75%** of the donors listed in *Bone Marrow Donors Worldwide* are in WMDA-accredited registries.

**2012:
19,265 HPC
donations
to 56
different
countries**

HPC-products provided for unrelated transplantation

**2012:
426 HPC
donations
were
provided for
unrelated
patients in
South
America**

Country	HPC (Marrow/Ap heresis)	HPC Cord
Argentina	67	15
Brazil	190	78
Chile	7	21
Colombia	6	31
Cuba	1	0
Ecuador	0	7
Uruguay	3	0
TOTAL	274	152

Registries are responsible for coordination of the search and provisioning of HPC Marrow, HPC Apheresis and HPC Cord Blood from unrelated donors

Donors/cord blood units listed South America (January 1, 2013)

Country	Donors listed	Cord Blood stored
Argentina	33,591	1,962
Brazil	2,995,546	7,862
Chile	0	750
Uruguay	563	0

A registry is more than donor recruitment, therefore the WMDA will launch a handbook.

WMDA Handbook for blood stem cell donation

‘This handbook is a **MUST** for anyone who is actively involved in one of the many activities necessary for a successful unrelated stem cell transplant!’

– Jon J. van Rood, WMDA President 1988-1999

Tessa, transplanted in 2009, stands for over 300,000 patients worldwide who have received an unrelated donor transplants in the past 40 years.

Frank, donated in 2012, stands for over 23 million voluntary donors worldwide who have or are willing to donate **a gift for life.**

WMDA handbook for blood stem cell donation

TOPICS COVERED

- General organisation of a registry
- Recruitment of volunteer donors
- Donor search request
- Collection and transportation
- Post-donation
- Cord blood banking
- Information technology and data management
- Finance and administration
