

Where do we first start? From following standards to successfully obtaining accreditation Jackie Thomson Alberts Cellular Therapy

Alberts Cellular Therapy

Years

Type of transplant

Why a quality system?

Motivation for accreditation?

- Safety "an ounce of prevention is worth a pound of cure"
- deliver a consistent, sustainable high quality product/outcomes
- Improvement "if we do not measure we cannot improve"

How did you get started?

- We got the buy in from management
 - Hospital Management
 - Oncology Management

Next step

- We got help!
- We had no one close to us no other units in Africa accredited
- Exem Consulting Swiss Company
- We chose the responsible team
- JACIE Manuel
