# About ESH

- ESH is a non-profit institution for continuing education founded in 1986, to promote and facilitate access to state of the art and cutting-edge knowledge in haematology and related disciplines, at the European and International levels.
- ESH travels throughout all of Europe, North America, North Africa and the Middle East to organise conferences, training courses and laboratory workshops with a faculty of international experts selected for their scientific expertise and didactic skills.
- ESH also develops tools for continuing education produced in collaboration with international experts in the field. They are available to scientists and clinicians free of charge and they are used throughout the world to train haematologists.

# About Eurocord-Ed

**Register Now for the FACT Cord Blood Workshop, Rome, October 2011**

Organized in conjunction with the World Cord Blood Congress 2011. Register now for:

**Cord Blood Inspection & Accreditation Workshop**  
Wednesday, October 26, 2011  
Hotel Nazionale Rome  
Rome  
Italy

This FACT training workshop will take place in conjunction with the World Cord Blood Congress 2011, in Rome. Register for both events by clicking on 'More Information' below.

The workshop is designed to explain the requirements for FACT-NetCord accreditation of cord blood banks. FACT representatives will be in attendance to clarify the intent of the Cord Blood Standards, provide inspectors tips for conducting inspections, and assist banks in organizing and preparing their banks for the accreditation process.

Practical application of FACT requirements stimulates discussion about effective and ineffective inspection practices and preparation techniques.
